Airports close to Trier are in Luxembourg (30 min by car), Frankfurt and Cologne (2h by car).

Historical Trier

Porta Nigra – If you have just arrived in Trier, the Porta Nigra is the best place to begin a tour of the city. It is the best preserved Roman city gate north of the Alps – an unparalleled connection between the ancient past and the modern city.

Transnasal Approaches
to the Skull Base**

International Guest Faculty:
M. Bernal-Sprekelsen · R. Bhalla
A. Grotenhuis · D. Mazzatenta · A. Suri

At the Barmherzige Brüder Hospital Trier, Germany
Department of Neurosurgery

**Krankenhaus der
Barmherzigen Brüder Trier**

INVITATION

Prof. Dr. med. Martin Bettag

Dear Colleagues,

this workshop is designed for neurosurgeons, ENT surgeons and maxillofacial surgeons with an interest in endoscopic transnasal skull base surgery.

Our education offerings feature didactic lectures, video clips, live surgical cases and case discussions as well as hands-on dissections on fresh frozen human specimen.

There will be 2 attendees per specimen so that everybody learns to do and assist each step of the procedure. The stands will be provided with HD-endoscopy and image-guided navigation.

Throughout the workshop, you will be guided by a team of specialists from the fields of anatomy, neurosurgery and ENT.

Trier, located in a beautiful landscape and being the oldest town in Germany, is the venue of the workshop.

I am looking forward to welcoming you in Trier!

Martin Bettag
Course Director

PROGRAM

Wednesday · 6th May 2020

- 09:00 **Welcome**
